

## FIRST in Texas FLL Challenge State Championship

Hello Coaches,

We are excited to welcome you and your teams to the upcoming FIRST® LEGO® League State Championship! Please review the important event details below to help you prepare.

We now have a dedicated event webpage, which will continue to be updated as more information becomes available.

Event Page: <https://firstintexas.org/events/first-in-texas-fllc-state-championship-242>

This page will grow as schedules and additional logistics are finalized.

### **Event Logistics**

- We are currently waiting for the completion of the San Antonio Regional before posting the full judging and match schedule.
- Teams are asked to bring their own pit table (maximum 6 ft) and up to 2 chairs.
- If your team is flying in or otherwise unable to bring a table, please notify Erika Diggs, who will be the Event Director. Please note we will have a limited number of tables available.
- The pit area will have limited space. While families are welcome, we ask that they avoid “camping out” in the pits to reduce congestion.
- There will be concessions at the event and we will be posting the “Menu” on the State page listed above.

### **Access & Identification**

- Coaches will receive a lanyard with their team’s information. This will provide access to the competition space so you can be with your team during matches.
- All audience members should enter through the designated Audience Entrance to avoid congestion in the team load-in/load-out area. Please see the FLL State Page for the Venue Map.

### **Power & Charging**

- Charging stations will be available in the pit area, equipped with USB-C cables.
- Teams may not run their own power to their pit tables.

## Judging

- Judging will be held in person. Please follow standard judging room etiquette, including awareness that screens or AV equipment are not guaranteed.

## Travel & Meals

- Don't forget to secure hotel accommodations early.
- Lunch will be one hour; this information is already reflected on the event webpage.

If you have any questions, please feel free to reach out!

We look forward to seeing you and your teams at the FIRST in Texas FLL State Championship!
