

FARMERSVILLE DISTRICT EVENT FIRST ROBOTICS COMPETITION

March 27 – March 29, 2026 | FARMERSVILLE ARENA

WELCOME

Welcome to the FIRST in Texas Farmersville District Event

We are pleased to host teams from across Texas and New Mexico as they compete in this year's REBUILT™ challenge and work to earn their place at the District Championship in Houston at NRG Arena.

To our sponsors and partners: Thank you for your continued commitment of resources, volunteers, and leadership. Your support strengthens the future workforce and ensures students have access to meaningful STEM opportunities.

To our volunteers, mentors, teachers, and parents: Your dedication throughout the year makes this program possible. We appreciate the time, guidance, and encouragement you provide to every student.

To our students: Your creativity, determination, and achievements inspire us. You represent the next generation of innovators, engineers, educators, and leaders.

Once again, thank you for joining us! Let the games begin!

Lucia Sevcik & Juan Salinas - FRC Program Leaders

ABOUT FIRST & FIRST ROBOTICS COMPETITION

FIRST® is a robotics community that prepares young people for the future. The world's leading youth-serving nonprofit advancing STEM education outcomes, FIRST designs mentor-guided research and robotics programs for kids from pre-kindergarten through high school. Boosted by a global support system of mentors, coaches, volunteers, alumni, and sponsors, teams conduct research, fundraise, design, and build robots of their creation. For over 30 years, students from all walks of life have developed self-confidence in STEM, meaningful friendships, and valuable, real-world skills through FIRST that open pathways and help young people build a better future.

FIRST is a progression of programs:

- **FIRST LEGO League Discover** (Grades PreK-1)
- **FIRST LEGO League Explore** (Grades 2-4)
- **FIRST LEGO League Challenge** (Grades 4-8)
- **FIRST Tech Challenge** (Grades 7-12)
- **FIRST Robotics Competition** (Grades 9-12)

FIRST Robotics Competition teams compete with industrial-size robots of their own design, combining the excitement of sport with the rigors of science and technology.

Students, Ages 14-18 (Grades 9-12), get to:

- Work alongside professional engineers
- Build and compete with a robot
- Learn to use sophisticated hardware and software
- Develop design, project management, programming, teamwork, strategic thinking, and *Coopertition* skills
- Earn a place in the FIRST Championship
- Access exclusive scholarships from hundreds of colleges and universities

GAME OVERVIEW: REBUILT

In REBUILTSM presented by Haas, two competing alliances are invited to score fuel, cross obstacles, and climb the tower before time runs out. Alliances earn additional rewards for meeting specific scoring thresholds.

0:20 Autonomous Period:

Robots follow pre-programmed instructions to score points by:

- Leaving their starting zone,
- Climbing the tower on their alliance side
- Collecting & scoring fuel into the hub

2:20 Driver-Controlled:

Drivers take control of robots & Alliances score points by:

- Retrieving & scoring fuel in their hub
- Climbing the tower
- Human players scoring fuel into the alliance hub

The Alliance with that earns the most points wins the match!

THANK YOU TO OUR STATEWIDE SPONSORS
